

## ARCHIVED UPTOWN SOCIAL WEDDING TESTIMONIALS

### 2019 COUPLE

“Our wedding reception was on 10/19/19. Amy, Judy, and Jeremy were amazing!!! Accommodated any request we had! The night went smooth as can be! During the lead up to the event they answered every call and email within the same day! They made us feel the gratitude that we chose their venue! Every person I talked to that attended our wedding said it was either the most gorgeous building or one of the most gorgeous buildings they had been to for a wedding! If you're thinking about choosing Uptown for your wedding do! Go see the venue, meet the people and you'll be sold! I wanted to wait until we got pictures from our Photographer to show the beauty of the venue, but I couldn't wait, Uptown deserves their props!!!”

### 2019 COUPLE

“I got married here in October of 2019 and it was amazing! The space is beautiful and so unique! It has so much more to offer than a generic event space. Our wedding was absolutely gorgeous and we had the best time of our lives. We were also able to take all of our photos around the building without having to go to other locations. Obviously the red doors, the courtyard, the ivy wall on the side, a white wall with ivy on brick in the back... and our pictures are amazing! We also had a wonderful experience with Judy and Jeremy. They both took care of us (and our wedding party) day of and were also great to work with leading up to the wedding. They went above and beyond for us!”

## **2019 COUPLE**

“I recently had my ceremony and reception at this venue. I cannot rave enough about how amazing the staff and decor is! The process was so easy from beginning to end. Judy and Jeremy are FABULOUS! They made sure we had everything we needed to keep the day running smoothly, and had so many great ideas for decor. Please check this place out if you are looking for places to host your event!”
